Blessing Samuel

Software Engineer intern @printriteng --- JavaScript, Vuejs, PHP & Nodejs. Blessing is always learning and ready to learn from you. #NFT fans #DiceverseNFT is coming soon

Abuja

Summary

Blessing Samuel is a technical expert in the areas of software engineering, using the programming languages C++, JavaScript, Vuejs, PHP, Nodejs, MySQL, MongoDB. Blessing love programming and designing things that live on the internet. My interest is web development and my web development journey started back then in 2019 when I decided to try to work on a free HTML template. I am very adept using JavaScript and its frameworks like Vue, Angular. I can work with zeal and real wizardry.

Blessing does not love talking about himself in the 3rd person. He want to learn New things, because that's what brings joy to his life Up. He believe in team success & growth, however he always put his best & maintain a strong team bonding for every project he get to work on. Here are a few technologies I've been working with recently: JavaScript, Vue, MYSQL, PHP & Nodejs.

Experience

Printrite NG

11 months

Frontend Engineer

July 2021 - Present (9 months)

Federal Capital Territory, Nigeria

- Work with languages , platforms , frameworks, and content management systems such as PHP, VueJs, Nodejs, Github, Bitbucket, JavaScript, SQL and Figma.
